Duration: 1 Full Day

Who should attend:

Ideal for teachers and educators looking to have a greater awareness of the Internet and its application in education. This workshop will teach participants effective and efficient searching techniques; popular search engines (such as Google), and provide the opportunity to explore and investigate powerful and engaging websites. At the conclusion of this course, participants should be able to understand and use the internet more confidently and have a greater appreciation of how the web and its associated tools can be beneficial in educating and engaging their students.

Course Pre-requisites:

Participants should be familiar with working in a Windows environment and have a general computer working knowledge.

Topics Covered:

- What is a Search Engine and How they Work
- Popular Search Engines such as Google
- Safe search engines for students
- Effective searching techniques
- Google applications
- Powerful and useful sites for Educators
