Duration:

1 Full Day

Who should attend:

Ideal for a person who wants to find out more about the use of Interactive Whiteboards in a classroom environment and how to integrate this technology into effective teaching practice. At the conclusion of this course participants should be able to have a greater understanding of the use of Interactive Whiteboards and their application in the classroom. It is ideal for people who work in areas where effective presenting of information is important with the integration of ICT's into the teaching curriculum.

Course Pre-requisites:

Nil

Related Courses:

Why not extend on what you have learned in this course, and gain the skills needed to unleash the full power of other products and applications. Envisage Training's basic, intermediate, and advanced courses will provide you with the training needed to give you every advantage.

Topics Covered

Many schools are realising that whiteboards, projectors and related technologies have a great deal to offer the classroom. They are simple to use and curriculum software is being created for specific subjects and grade levels especially for use with interactive whiteboards. In this hands on workshop explore these powerful tools further and find out how motivating and effective these interactive tools can be for your students.

Session 1 – Introduction

1. Discussing the benefits of IWB technology in schools
2. Calibrating an IWB
3. Exploring the functionality of the TeamBoard software

Session 2 – Easiteach Software

1. Exploring the Easiteach interface
2. Exploring the interface and screen features – E.g. Menu, Calculator, Resources, Spotlight, Modes.
3. Unpacking the Easiteach Toolbar – variety of hands on activities – functionality and application – images, text, labeling, shapes, video, linking etc.

Session 3 – Easiteach Literacy Toolbar

1. Unpacking the Easiteach Literacy Toolbar - variety of hands on activities – functionality and application – sentence and word builder, cloze activities, punctuation etc.

Session 4 – Easiteach Geography Toolbar

1. Unpacking the Easiteach Geography Toolbar - variety of hands on activities – functionality and application – Grid overlay, Compass, Town Builder etc.

Session 5 – Other activities

1. Explore IWB numeracy and literacy software
2. Explore useful IWB websites
