

Advanced Project Management

4 Day Course
9:00am – 4:00pm

Topics Covered:

On completion of this course, attendees will have gained a more advanced knowledge of the discipline of Project Management and will possess the skills required to apply that knowledge in the workplace. Envisage Training has developed this course to be a perfect balance between the theory, and the practical application, of that theory. Attendees will learn current best-practice in Project Management during this 4-day intensive course. This course provides a comprehensive introduction to Project Management and will give those new to the topic a complete overview of the subject, whilst those who have prior knowledge and experience, will gain by learning some additional theories and practices which can be implemented in the workplace.

Trainer Profile:

Dr. Neil Pearson is an experienced senior manager who employs a problem-solving, solutions-driven approach-style of management. Possessing excellent leadership skills he is highly experienced in establishing and developing high-performing, high yielding teams. He is a well-respected mentor & coach and a strategic thinker who can interact with and engage both Executive Management teams and University students using his clear communication and confident public speaking skills.

Dr. Pearson has both national and international Portfolio/Program & Project Management skills and experience, and can support Change Management across the Business. He works in both the Corporate Education arena (lecturing/tutoring at QUT and UQ) and selectively works across professionally well-respected, private corporate education providers.

Trainer's Qualifications:

Doctor Of Philosophy, Cert IV Training & Assessment, Diploma in Project Management, Master of Science, BA(Hons) in Data Processing
