## Duration:

1 Full Day

## Who should attend:

Ideal for a person with limited knowledge of Dreamweaver and web site creation and seeking to become familiar with the basics and more innovative areas of the application. At the conclusion of this course participants should be able to understand how to create a website or digital presentation using Dreamweaver with the capacity to apply this knowledge in their personal and professional lives.

## Course Pre-requisites:

Participants should be familiar with working in a Windows environment but this is not essential.

## Related Courses:

Why not extend on what you have learned in this course, and gain the skills needed to unleash the full power of the Adobe & Microsoft products. Envisage Training's basic, intermediate, and advanced courses will provide you with the training needed to give you every advantage.

- Adobe InDesign
- Microsoft Office (Access, Excel, Outlook, PowerPoint, Word)
